Referenten / Speaker

Roman Brunner

Roman Brunner serves as Managing Director Trust Solutions Group – Europe & Africa for DigiCert + QuoVadis. Prior to this role, he served as Chief Executive Officer of the QuoVadis group since 2003 where he was responsible for group management and strategy. Mr. Brunner has worked in the IT services industry in both Europe and the U.S. since 1987. He served as the Managing Director and General Manager with global responsibilities for all aspects at Comdisco's (NYSE/Fortune 500 company) largest division. He was the Co-founder and Chief Executive Officer of Compendium, a Business Intelligence and Content Management software company based in Europe.

Patrick Beckman Lapré

Global Sales Director Document Signing. Since 1989 working in various roles within the IT services industry on both the customer and supplier side. At the startup, back in 2007, involved in QuoVadis Trustlink BV, the Dutch entity of QuoVadis Global, responsible for the Benelux. QuoVadis Trustlink BV is the legal entity that is certified/accredited under the eIDAS regulation (No. 910/2014). He has always had a special interest/penchant for signing solutions. Due to his broad knowledge of both technology and (organizational) processes and his management consultancy background, he is able to act as a 'bridge builder' at the various organizational levels.

Stephen Davidson

Stephen Davidson is a Senior Manager in DigiCert's global Governance, Risk and Compliance team with a focus on standards and accreditations related to our European Qualified Trust Service Provider and digital signature-related businesses. He co-founded QuoVadis, which became part of DigiCert in early 2019. Active in the CA/Browser Forum since 2006, he is Chair of S/MIME Certificate Working Group, writing the first baseline requirements for email signing and encryption certificates.

Robert Frank

Director Sales Deutschland und Österreich für DigiCert + QuoVadis tätig. Bis zur Übernahme der QuoVadis durch DigiCert war er seit Gründung der QuoVadis Deutschland GmbH im Jahr 2014 als Geschäftsführer und Sprecher der Geschäftsführung tätig.

Herr Frank war von 2006 bis 2014 Managing Director der Deutschen Leasing Information Technology. Weitere Stationen seiner Karriere waren Managing Director bei GE Capital IT Solutions sowie Executive Vice President der Comdisco AG, dem seinerzeitigen Weltmarktführer für IT-Finanzierungen. Herr Frank verfügt über 30 Jahre Erfahrung im Bereich der Informationstechnologie, Finanzierung von IT-Infrastrukturen und dem Management komplexer Kundenprojekte.

Peter Hupfauer

Peter Hupfauer führt als Head of Professional Services den Bereich Professional Services bei der QuoVadis Trustlink Deutschland GmbH und ist zuständig für Lösungen im Bereich Zertifikate, Trust/Link und Signing Services für Dokumente sowie Projektmanagement. Über 15 Jahre IT-Erfahrung und langjährige Kompetenz in den Bereichen digitale Zertifikate, elektronische Signaturen sowie Softwareentwicklung machen ihn zum Ansprechpartner für Lösungen und Projektrealisierung.

Prof. Dr. Dr. Martin Keck

Nach seiner Ausbildung in München, Basel, London und Zürich war er zunächst von 1996 bis 2005 am Max-Planck-Institut für Psychiatrie in München tätig. Nach seiner Tätigkeit als Ärztlicher Direktor der großen Schweizer Klinik Clinenia Schölssli wurde er im Jahr 2014 an die Klinik für Psychiatrie und Psychotherapie, Psychosomatik und Neurologie des Max-Planck-Instituts für Psychiatrie in München berufen und leitete diese bis 2019. Er ist Neurowissenschaftler und Facharzt für Psychiatrie und Psychotherapie, spez. FMH Alterspsychiatrie und -psychotherapie, Psychosomatik und Psychotherapie (Bayern), Nervenheilkunde (FMH Neurologie), Allgemeinmedizin (Bayern).

Christian Knothe

Head of Security Sales and Presales, DACH + CEE, at BT with more than 20 years of experience in the Security- and Software Industry. Before joining BT, Christian worked in various roles for leading technology vendors, such as Sun Microsystems, Symantec and Blue Coat. He holds a degree in Electrical Engineering from RWTH Aachen.

Mike Nelson

Mike Nelson is the VP of IoT Security at DigiCert, a leader in digital security. In this role, Mike oversees the company's strategic IoT market development for critical infrastructure industries. Mike frequently consults with organizations, contributes to media reports, and speaks at industry conferences about how technology can be used to improve cybersecurity for connected systems. Before DigiCert, Mike spent his career in healthcare IT including time at the US Department of Health and Human Services, GE Healthcare, and Leavitt Partners. Mike's passion for the industry stems from his personal experience as a type 1 diabetic and his use of connected technology in his treatment.

Brian Trzupek

Brian Trzupek is SVP of Product at DigiCert. A crypto and security tech by day and night, Brian brings nearly two decades of expertise on many security subjects to the team. He's constantly innovating use cases for enterprise PKI, which are facilitated by the industry-leading DigiCert PKI Platform.
